Dear Virginia,

Thank you for your kindness during our New York visit. I will also write Kathleen.

Enclosed find some FREE materials. If there are projects we can do together, it would be mutually enriching.

Should I plan a visit to N.Y.C., I will be pleased to explore the possibility of a conversation with you and Ajata.

Since I am full-time as professor and do not yet have a staff, I must depend upon student assistance. We are launching a membership drive and fund-raising effort to become established.

With kindest regards, I am

Sincerely,  
Dolores
