New York N.Y. 10010.

Dear Directors and President,

It is really wonderful that Embrace foundation is working for the unity of the different religious people to bring forth peace. All the beings on this university and others want happiness and don't want sufferings, yet, all sufferings and happiness are made by beings themselves, so it is necessary to solve it by the beings.

Thanks for your new year greeting. In the future if any service I can do for the Embrace then please ~~let~~ let me know or my secretary Lama Tashi Gyaltzen.

Best wishes for a bright New Year and Joyous New Year 1990

Your Dharma

H.H. Gaden Tri Rinpoche,

Jamphal Shephen.
