Embrace Foundation  
16 West 22nd Street  
New York, NY 10010

Dear Mr. Sharma:

I am pleased to receive introductory literature about Embrace. The objectives of the foundation are lofty and relevant. I am happy to accept your invitation to join Embrace in the capacity of a member of the Advisory Board.

The issue of world peace is very vital and needs to be addressed through all important political, social and religious institutions. Embrace could help in increasing awareness through the teachings of Religions which have the necessary ingredients to promote harmony through reverence for principles and practices of other religions.

May God Bless us all with energy and wisdom to serve His cause.

Yours sincerely,

Dr. Mahesh Mehta
